care of the small things. If we take care of the small things. If we which the small things we are in effect taking care of the large things which the small things combine to make. That is the philosophy of the old financial proverb, and its application is as broad as human life.

Take care of what you eat, when you eat, and how you eat, and your stomach

broad as human life.

Take care of what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, someday, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures billousness, heartburn, flatulence, indigestion, palpitation, dizniness, cold extremities, and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs. lied organs.

If you are sick you can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, free of charge. Each letter is treated as sacredly confidential, and an answer is

free of charge. Each letter is teated as sacredly confidential, and an answer is promptly sent in a plain envelope without printing or advertising upon it.

"I was troubled with very frequent headaches, often accompanied by severe vomiting," writes Miss Mary Belle Summerton, of San Diego, Duval Co., Texas. "My bowels were irregular and my stomach and liver seemed continually out of order. Often I could eat almost nothing, and sometimes absolutely nothing for twenty-four hours at a time. I was entirely unfit for work, and my whole system seemed so run-down that I feared a severe sick spell and was very much discouraged. I was advised to try Dr. Flerte's Golden Medical Discovery and did so with such agtisfactory results that before finishing the third bottle I but perfectly able to undertake the duties attending public school life, and contracted to do so. I most heartily advise those suffering with indigestion, and its attendant cria, to give this great medicine a fair trial."

Use only Dr. Plerce's Pleasant Pellets with "Golden Medical Discovery" when a laxative is needed.

THE MYSTIC SHRINERS. Pennsylvania avenue, Washington will be a blaze of glory the night of May 22, when the great parade of the

nobles of the Mystic Shrine, composed of thousands in evening dress and fez covered, will march in annual outpouring. The committee of Almas Temple, which has in charge the arrangements for the entertainment of their bre bren during the sessions of the imperial council of the order, to be held in the Columbia Theatre May 22 and 23 has entered into contract with Pain's Fireworks Company for a grand illumins. tion of the avenue on the night of the parade, and a great display of fireworks after the procession shall be disbanded. The president of the company has also entered into an agreement that if the illumination and display are not entirely satisfactory to the committee, and the public as well, nothing will be

charged for i'. The programme prepared by the contractors calls for an illumination for thirty minutes of Pennsylvaria avenue from the Pesce monument to 17th street with Pain's patent pink lights. The lights will be placed on poles ten to tweive feet high, at it tervals of 100 feet, and alternating on each side of the avenue, making the points of light fifty feet apart from the starting to finishing points. The commencement of the illumination will be announced by two salutes from aerial guns, marcons, fired from the Pesce mor ument and treasury.

During the moving of the procession batteriers, candles, floral bombs and saucissons will be fired from eight different points, arching the principal leatures of the parade as the pass. For the last five minutes of the illumination Pain's magical magnesium compound will be used, making a light which is claimed to be a thousand times more brilliant and searching than the most intense electric light. As the illumination of the svenue dies out the west front of the Capitol and the Washington monument will be brought int view by the use at each point of 1,000 pounds of Pain's electrical compound, such as was shown during the peace ju-

After the dismissal of the parade and at a time and place to be hearafter designated by the executive committee, a magnificent display of fireworks will be given. This will be ushered in by a salute of twenty one aerial maroons, fifteen inches in diameter, exploding at a height of 500 feet in the air with loud detenations. Then will follow no less than forty-four separate and distinct features, including ascents of balloons bearing powerful magnesium light; grand flights of rockets, whose varied tints will blend at high altitude; salvos of twenty-four-inch shells, all the latest combinations and effectbatteries of changing star rockets; hight of novel bombs; umbrellss of fire, formed by Rayonet Tourbillons, and a wonderful variety of other beautiful ef-

fects.
The devices will include "Welcome The devices will include "Welcome Shriners," in electric blue; "Grove of Jeweled Palms," 300 feet long by 30 feet nigh; "A Jeweled Cloud," attained by a flight of fifty bombs fired by electricity; a mechanical device showing a bouquet of flowers from leef to bud and blossom; "A Halt in the Desert," showing the pyramids and sphinix in the day tance; a display of aerial floating wonders, including the southern cross, aerial sleigh bells, national streamers, floating festcons of ever-changing lights, and some new creations, including "Flowering Aloes," which will be produced by firty eight-pound rockets. Another picturesque feature which will be carried out through the entire line of the night parade, the complete route of which will be determined tonight, will be the presence of the Japanese lanterns among the branches of rees. This idea was suggested by Mr M. Dyrenforth, chairman of the sub-

committee on fireworks, who says:

"We propose to request each house-holder living or having a business establishment along the line of parade who has trees growing in front of his premises to bang several Japanese lanterns

among the branches.
"No possible danger or injury can result to the foliage as the lanterns will be hung so as to prevent such a possibility. We will cheerfully furnish lanbility. We will cheerfully furnish lan-terns to those who will hang them as suggested and do not care to purchase

An Ancient Belief.

The ancients believed that rheumatism was the work of a demon within a Any one who has had an attack of sciatic or inflamatory rheumatism will agree that the iefliction is demoniaenough to warrant the belief. It has never been claimed that Chamberlain's Pain Baim would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by all druggists.

QUESTION ANSWERED.

Yes, August Flower still has the argest sale of any medicine in the civilized world. Your mothers and grand mothers never thought of using any-thing else for Indigestion or Bilious-ness. Doctors were scarce, and they seldom heard of Appendictis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Ernest L. Allen, Claud M. Lennon, Warfield & Hall, Charles G. Lennon, W. F. Creighton & Co., and Richard
